Concerto Elegance

ENCLOSED VERTICAL PLATFORM LIFT

Concerto Elegance enclosed vertical platform lift

The Terry Concerto Elegance offers an aesthetically pleasing solution to the problem of vertical wheelchair access up to a height of 12 metres in a wide variety of door and shaft configurations.

Whether outside or inside the innovative design ensures that special emphasis has been placed on the needs of both the lift user and the building owner in facilitating compliance with the current disability legislation.

This energy efficient lift meets the strictest European Standard EN 81:41 for safety

- Aesthetically pleasing simple design
- Easy to operate, tactile, illuminated user controls
- Wide selection of RAL colours and finishes available as an option
- Minimal builders work
- Self supporting structure available
- Swing or telescopic doors
- Security options available e.g. Alarm button, stop button, own home communication system and a rescue system in case of power failure
